

What is the relationship between borders and racism?

Motherhood Clause of the Citizenship Act

Introduction: defining non citizenship

Automatic acquisition:

Born alien, illegal, immigrant. Citizen subject to annulment

 With an endorsement of 1971
 Or 1981
 Or 2011
 Or 2060s... (the border has no end point for you)
 Even if you were born in the United Kingdom,
 You will not be a British citizen if

Neither of your parents was a British citizen

Or legally¹ settled here at the time of your birth (United Kingdom Border² Agency 2008)

It has nothing to do with any race but even if you were born in the United Kingdom

Automatic acquisition:

Immigrant.

Indefinite leave to remain.

Leave.

Section 1) "Prevent the Consequences of Population Growth Becoming Intolerable for the Everyday Conditions of Life"

It has nothing to do with any race but

The current practice of extending U.S Citizenship to
hundreds of thousands of anchor babies
 misapplication of the Constitution's citizenship clause
 an incentive for **illegal aliens** to

cross

our border. The "Birthright Citizenship Act of 2011"
 ends this practice. (Chairman of US House Immigration
 Subcommittee January 2011)

These children serve as anchors for illegal
 immigrant parents to remain
 These children illegal
 These children
 Children. (Virginia Congressman Randy
 Forbes)

Congressman Curry Todd:
 Latinas to "go out there like

state assistance will encourage
 rats and breed"

300,000 anchor babies

It has nothing to do with any race but

Being more explicit about what it means to be a British citizen
 we can not only manage immigration but
 move forward
 as a more confident Britain. (Gordon Brown, 2008)

¹'Legal' is the mechanism designed to exclude your non-white skin.

² The border is made on your body; your body is made by the border.

Look at PROFESSOR Coleman from OXFORD UNIVERSITY.

Using GOVERNMENT figures he said some years ago we'd be a minority in our own country by the end of this century

our own country

our own country. (Even if you were born in the United Kingdom you will not be a British Citizen)

it's unfortunate when people are wiped out

by a vast amount of racial integration

all the peoples of the world have a right

to remain the dominant people,

culturally and ethnically, in their own homeland. (Nick Griffin)

Population Policy Report 1971: the fertility rate of the immigrants in

this country is...slightly higher than the British characteristic

average

It has nothing to do with any race *but*

act to protect the consequences of population growth becoming

intolerable.

1942 Beveridge Report: 'children's allowances can help to restore the birthrate,

both by making it possible for parents who desire more children

a signal of the national interest in children.

It

Illegal alien invader

has nothing

Wiped out by a vast amount of

Racial integration

to do with any race *but*

Breed like rats.

Section 2 Mothers³

a) "When they denied her AHCCCS, they told me it was because of me"

"they don't support her even though she is a

citizen" (Interview 4, 48

"Are you undocumented?"

I am not asking the government for anything."

"And then she tells me, she tells me,

"you're not, but I have to call my supervisor," she said.

Well then, I didn't go back again. (Interview 4, 17, 18)

"I don't have money to pay for the medicine and for the appointment.

And for another, I don't even have AHCCCS to take her to

Emergency.

how are they going to go to college if

from the start they begin missing school

because they're sick?

if the immigrant mother doesn't have a way to,

to, to treat her,

how is she going to learn in school?" (Interview 4, 48-49)

"They'll throw me out, that is, and I go back.

But my child, who is she going to stay with?" (Interview 4, 39)

Again: they'll go back on "citizen".

Call it what it is: an

³ Mothers: not reproductive bodies.

Emergency.
When they call you the immigrant and undocumented-
Not mother:
An Emergency.
When they denied citizen AHCCCS
When they take a mother[s] care for child
As pay:
An Emergency.
When sick is a way to throw you
Out:
An Emergency.

Well then, this is Government:
Government govern[s] mother[s] care,
Govern mother[s] support;
Government treat mother as not mother but
An Emergency.

But when they go back on "citizen"
When they denied support
And you say
*"in reality, they're not giving his
rights"*
Not I am why my child is sick:
An Emergency?

b) *"What, what n--"*

And when you (UK Citizen) birth and raise
Your (UK Citizen) son
Inside the UK border,
U reside outside British.
U exist outside Britain.

Because when you (UK Citizen) demand your right
To justice for your (UK Citizen) son
When you (UK Citizen) demand your right
To justice from the UK state -
*"You are going to put that in the bin now, aren't you?"*⁴
U reside outside British.
U exist outside Britain.

And even when you (UK Citizen) cross into
The police station for justice for the murder of your (UK Citizen) son
You (UK Citizen) have not crossed the border
That enshrines St George's Cross-
*"He was shocked because he didn't realise I was watching him."*⁵
